HOMEGENNY · GUIDE FOR FAMILIES

Getting a helper at home with HomeGenny

A step-by-step guide to the HomeGenny app: ask for a cook or caretaker, choose the right person, see their day, and pay the monthly bill.

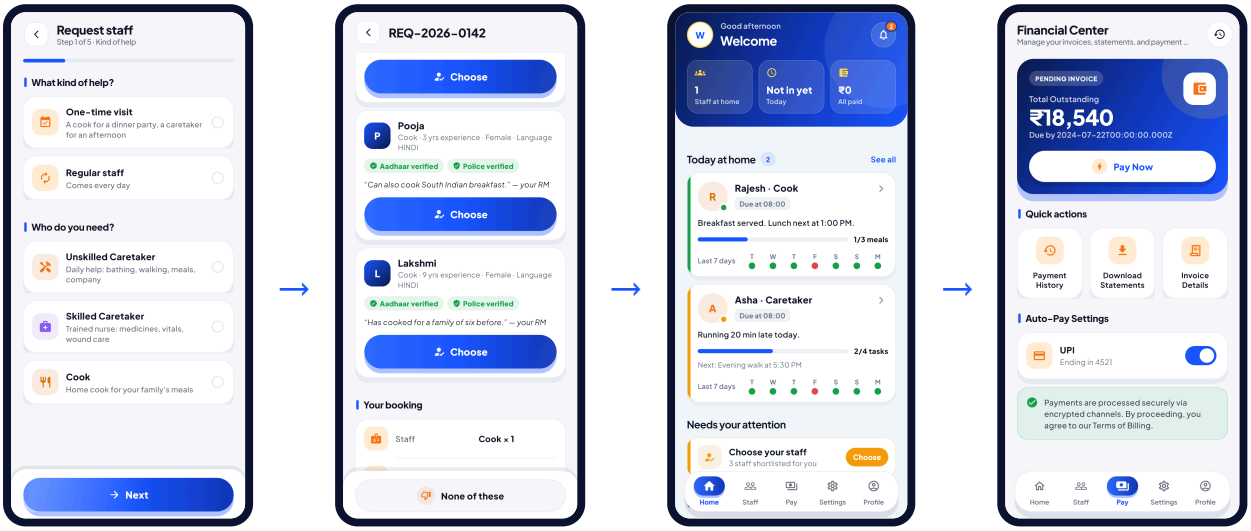

The pictures in this guide come from the HomeGenny app with sample names and numbers. Your screens will show your own home and helpers.

How HomeGenny works

HomeGenny finds you **trusted, long-term** help at home: cooks, caretakers for elderly family members, and trained nurses. Every helper is checked (Aadhaar, police check, medical) and trained before they come to you.

You also get your own **Relationship Manager (RM)**. Your RM is a HomeGenny person who looks after your home: they find helpers for you, set up the trial, solve problems and send your monthly bill. You never have to deal with the helper alone.

1. Ask
Tell us what help you need

2. Choose
Pick from helpers your RM suggests

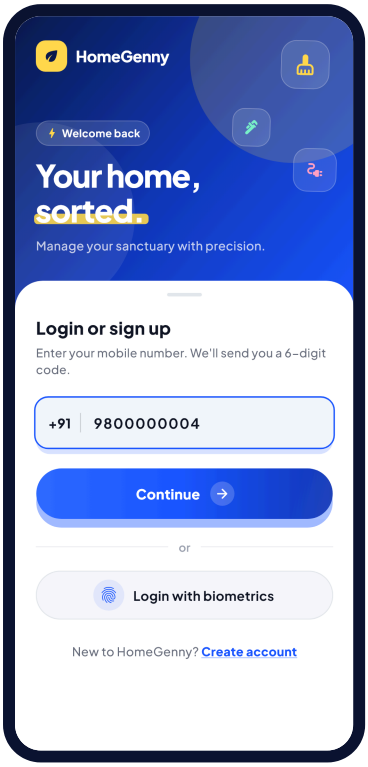

3. Helper at home
Trial first, then regular work

4. Pay
One simple bill every month

In this guide	Page topic

Part 3	Choose your helper
Part 4	Your helper's day: attendance, meals and care
Part 5	Your monthly bill
Part 6	If something is wrong
Part 7	Alerts, language and your profile
End	Common questions

1 Log in or create your account

You only need your mobile number. There is no password: the app sends you a 6-digit code each time.

1 Enter your mobile number

WHAT YOU SEE

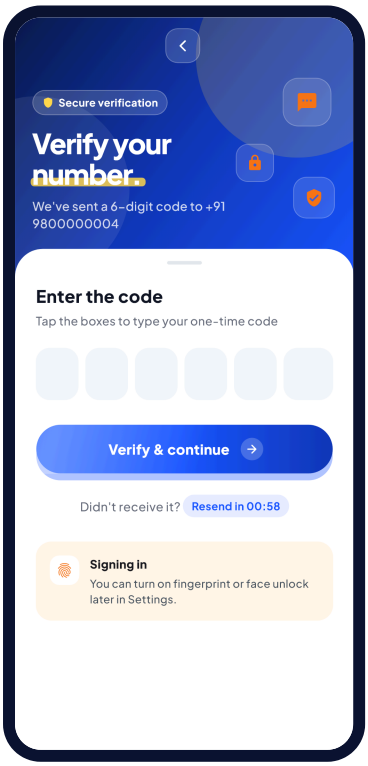

The **Login or sign up** screen.

WHAT TO DO

Type your 10-digit mobile number and tap **Continue**.

WHAT HAPPENS NEXT

We send a 6-digit code to your phone by SMS.

2 Type the code

WHAT YOU SEE

Verify your number and six empty boxes.

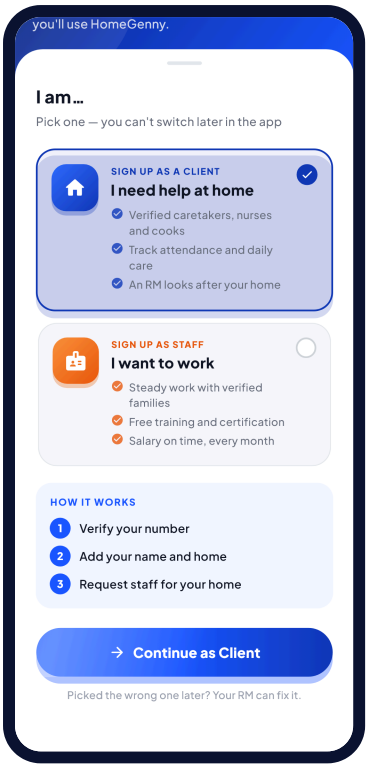

WHAT TO DO

Tap the boxes and type the code from the SMS. The app checks it as soon as you type the last digit. You can also tap **Verify & continue**.

WHAT HAPPENS NEXT

If you already have an account, your Home screen opens. If you are new, go to step 3.

> **No code?**
>
> Wait for the timer next to **Resend** to finish, then tap **Resend** to get a new code.

3 New here? Choose "I need help at home"

WHAT YOU SEE

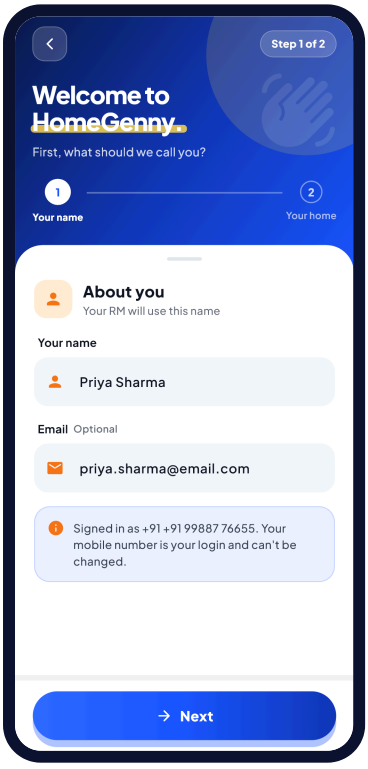

Let's get you started with two choices.

WHAT TO DO

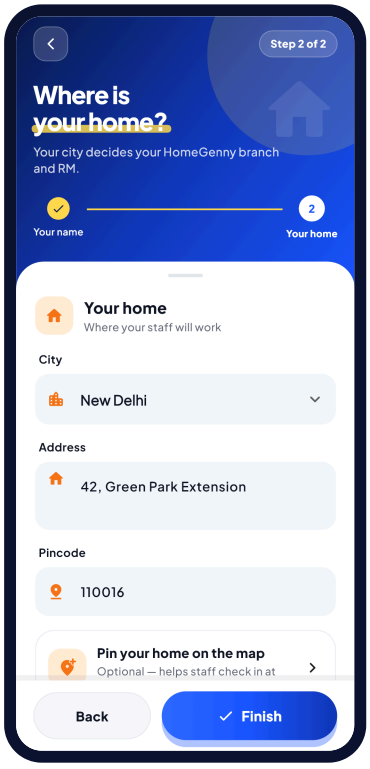

Tap **I need help at home**, then **Continue as Client**. Then type the code again on the next screen.

WHAT HAPPENS NEXT

Your account is created. You can't change this choice in the app later, but your RM can fix it if you picked the wrong one.

Step 1: your name

Step 2: your home

4 Add your name and home

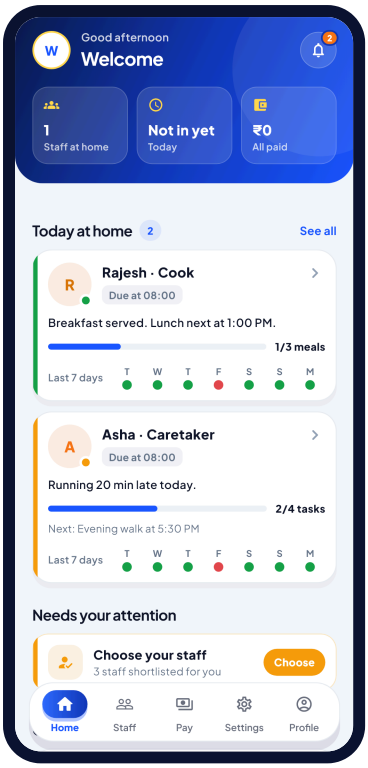

WHAT TO DO

Type your name (email is optional) and tap **Next**. Then choose your city, type your address and pincode, and tap **Finish**.

WHY

Your city decides which HomeGenny branch and RM look after you.

> **"Complete your profile first"**
>
> If you skip this, the app shows this message when you try to ask for a helper. It then opens these two steps for you.

5 Your Home screen

WHAT YOU SEE

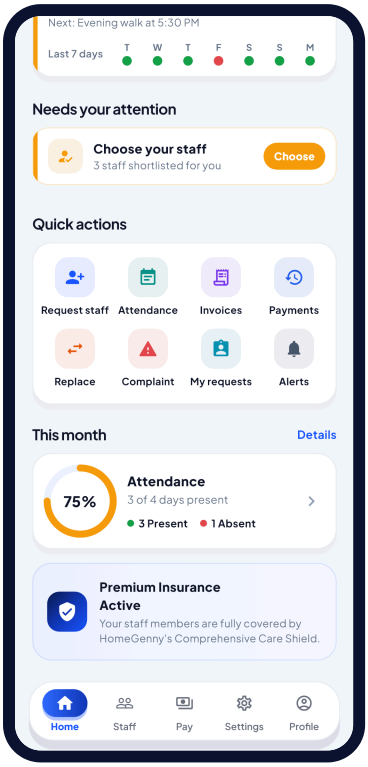

- At the top: how many helpers are at home, whether they have arrived **Today**, and what you owe.
- **Today at home**: one card per helper with today's work.
- **Needs your attention**: things waiting for you, like choosing a helper.

THE BOTTOM BAR

Home, **Staff** (your helpers), **Pay** (bills), **Settings**, **Profile**. The bell at the top right opens your alerts.

2 Ask for a helper

Tell us what help you need in 5 short steps. It takes about two minutes.

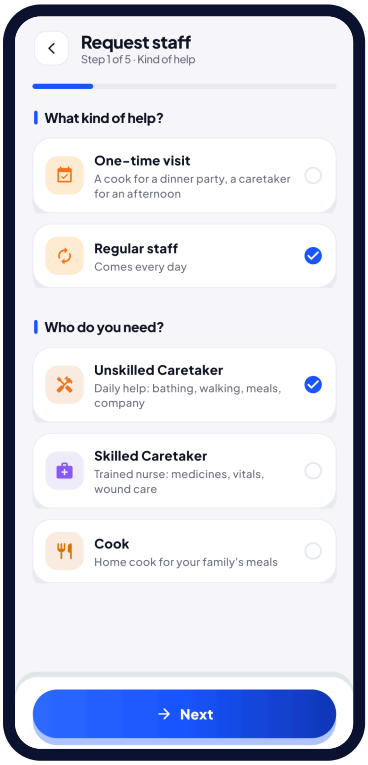

1 Tap "Request staff"

WHERE

On Home, scroll down to **Quick actions** and tap **Request staff**.

TIP

The other quick actions are shortcuts used later in this guide: **Attendance**, **Invoices**, **Payments**, **Replace**, **Complaint**, **My requests** and **Alerts**.

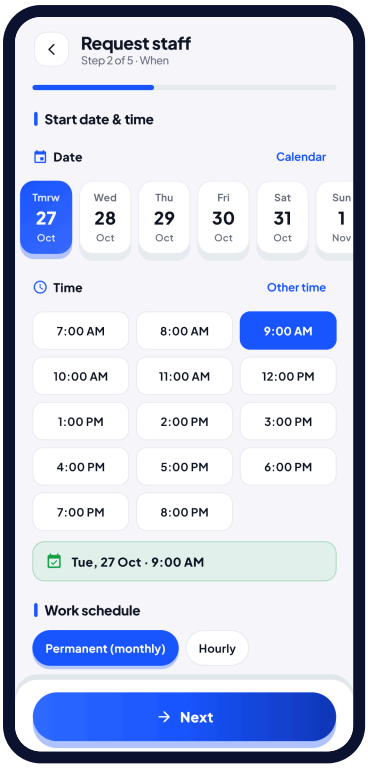

2 Step 1 of 5: what kind of help?

WHAT TO DO

- Choose **One-time visit** (for example, a cook for a dinner party) or **Regular staff** (comes every day).
- Choose who you need: **Unskilled Caretaker** (bathing, walking, meals, company), **Skilled Caretaker** (a trained nurse for medicines, checks and wound care) or **Cook**.

Then tap **Next**.

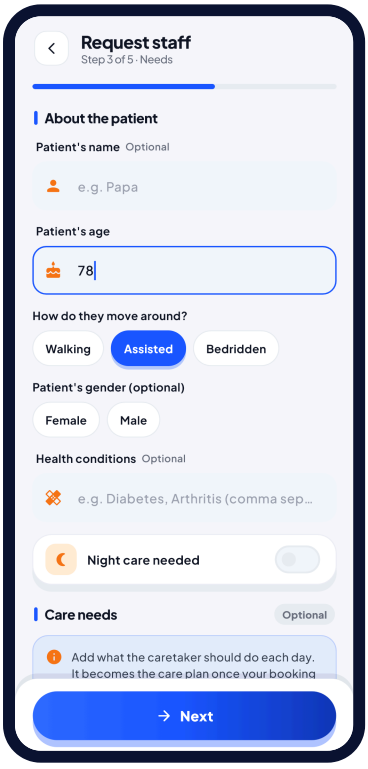

3 Step 2 of 5: when?

WHAT TO DO

Tap a start day (or **Calendar** for a later date) and a start time. For regular staff, also choose **Permanent (monthly)** or **Hourly**, how many hours a day, how many helpers, and if you prefer a woman or a man. Tap **Next**.

GOOD TO KNOW

The green line shows the day and time you picked, for example "Tue, 27 Oct · 9:00 AM".

4 Step 3 of 5: your needs

FOR A CARETAKER

Type the patient's age and choose how they move around: **Walking**, **Assisted** or **Bedridden**. You can also add health conditions, daily activities and food notes.

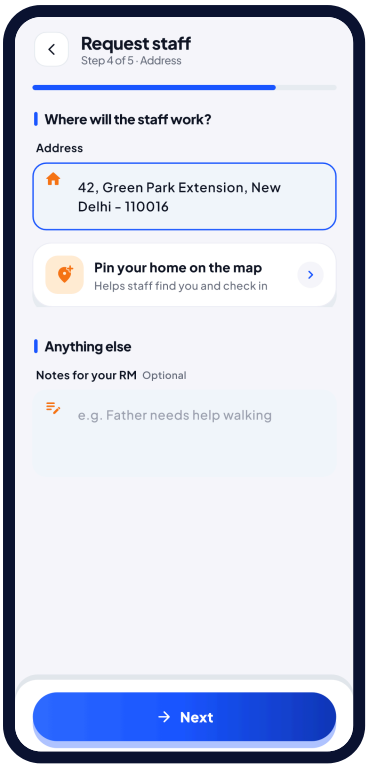

FOR A COOK

Choose the diet (veg, egg, non-veg, Jain, vegan), how many people to cook for and which meals. You can set a weekly menu now or later.

THEN

Tap **Next**.

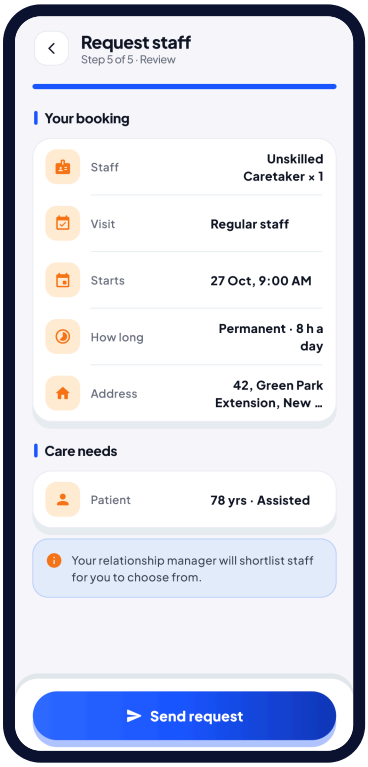

> **Medicines and health checks**
>
> An Unskilled Caretaker can't give medicines or check blood pressure or sugar. Choose a Skilled Caretaker if you need that.

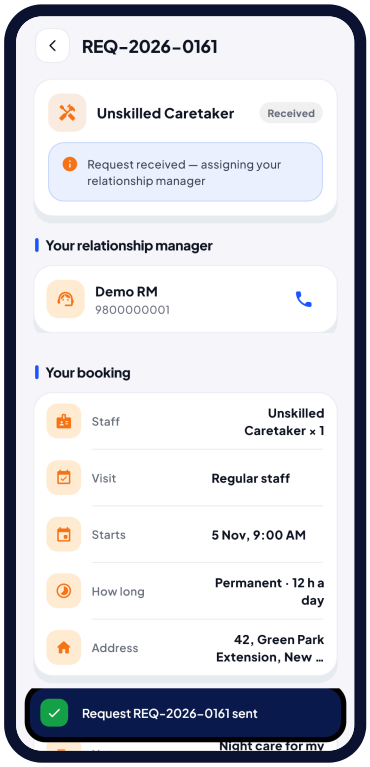

5 Step 4 of 5: address

WHAT TO DO

Type the full address where the helper will work. Tap **Pin your home on the map** so the helper can find you and the app can tell when they arrive. Add a note for your RM if you like, then tap **Next**.

Check your request

Request sent

6 Step 5 of 5: check and send

WHAT TO DO

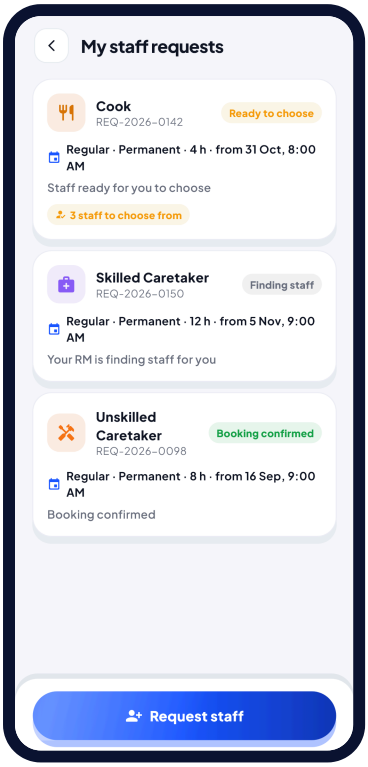

Read the summary. To change something, tap the back arrow at the top. When it looks right, tap **Send request**.

WHAT HAPPENS NEXT

You see "Request … sent" and your request page. It says **Received** while we assign your RM, and your RM's name and phone number appear on it.

3 Choose your helper

Your RM looks at checked and trained helpers near you and suggests the best ones. You make the final choice.

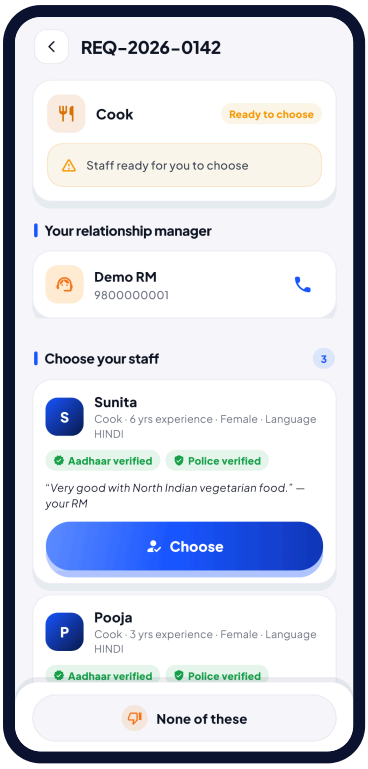

1 Follow your requests

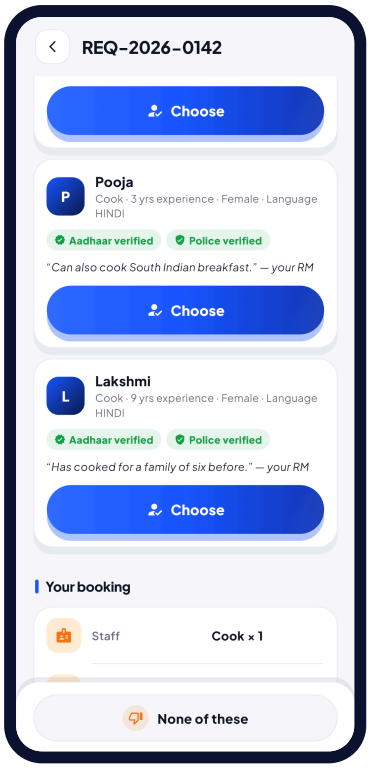

WHERE

Home → **My requests**.

WHAT THE LABELS MEAN

Label	Meaning
Received	We got your request and are assigning your RM.
Finding staff	Your RM is looking for helpers.
Ready to choose	Helpers are waiting for your choice. Act now!
You chose	Your RM is setting up the trial.
Booking confirmed	Your helper's trial is booked.
Cancelled	The request was cancelled.

2 Look at the suggested helpers

HOW YOU KNOW

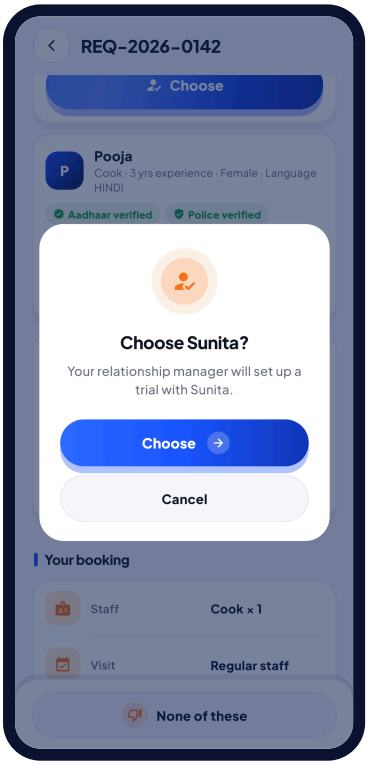

On Home you see **Choose your staff** under **Needs your attention**. Tap **Choose** there, or open the request from **My requests**.

WHAT YOU SEE

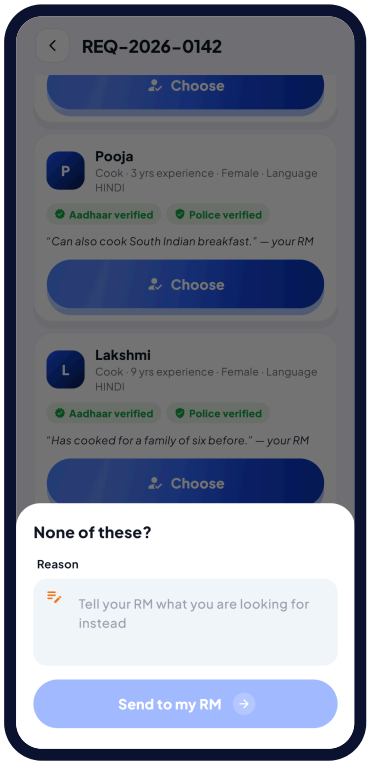

Each helper's first name, years of experience, language, **Aadhaar verified** and **Police verified** badges, and a short note from your RM.

YOUR PRIVACY AND THEIRS

Phone numbers and full addresses are not shown. Your RM arranges everything.

Choosing a helper

None of these

3 Choose one, or ask for others

TO CHOOSE

Tap **Choose** under the helper you like, then **Choose** again to confirm.

NOT HAPPY WITH ANYONE?

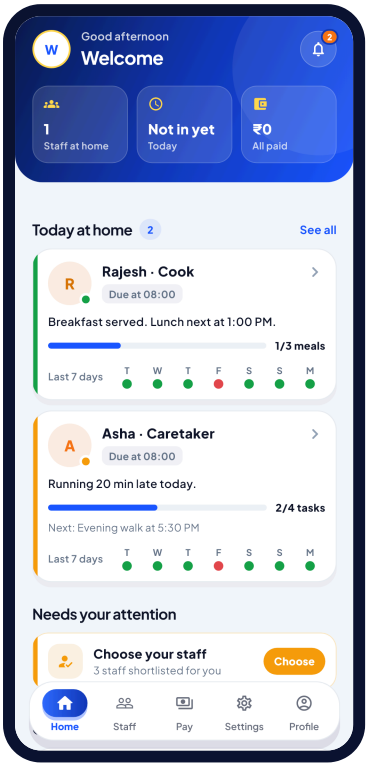

Tap **None of these** at the bottom, tell your RM what you are looking for, and tap **Send to my RM**. Your RM will suggest other helpers.

WHAT HAPPENS NEXT

Your RM sets up a **trial** (usually about a week). After the trial, your RM confirms the helper's salary and the helper starts regular work.

4 Your helper's day

Once your helper starts, the app shows you their day: when they arrived, what they did, and what they cooked.

1 Today at home

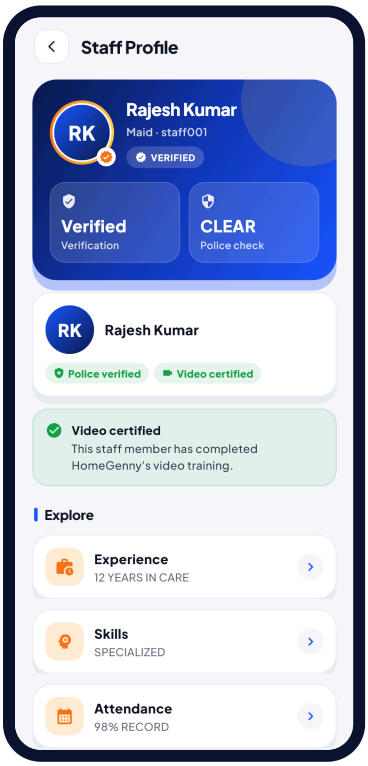

WHAT YOU SEE

One card per helper:

- a coloured dot (**green** all fine, **orange** needs a look, for example running late);
- a one-line update, for example "Breakfast served. Lunch next at 1:00 PM.";
- progress for today (**1/3 meals** or **2/4 tasks**);
- the **Last 7 days**: green = came, red = absent.

WHAT TO TAP

The helper's name opens their profile. The meals or tasks line opens today's details.

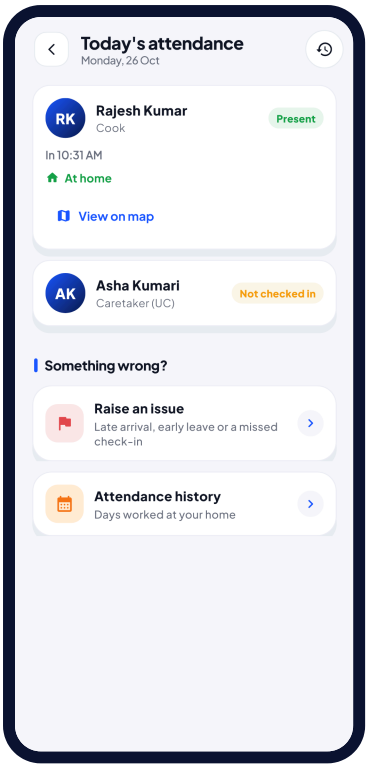

2 Your helper's profile

WHAT YOU SEE

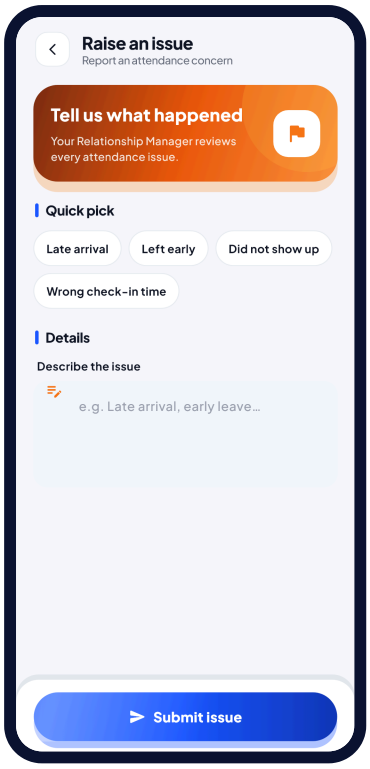

Their checks (**Verified**, police check **CLEAR**, **Video certified**), then **Experience**, **Skills**, **Attendance** and **Performance**. Under **Need a change?** you can ask for a replacement.

ALSO FROM

The **Staff** tab at the bottom.

Today's attendance

Raise an issue

3 Did they come today?

WHERE

Tap the **Today** box at the top of Home.

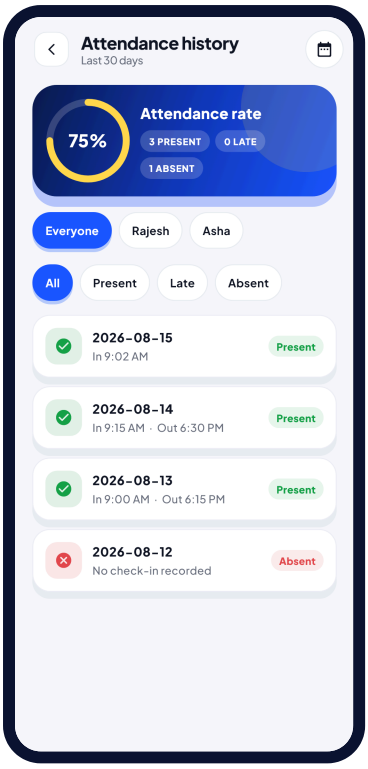

WHAT YOU SEE

Each helper's status (**Present** or **Not checked in**), the time they arrived, and **At home** when their phone shows they are at your address. Tap **View on map** to see where they are while on duty.

SOMETHING WRONG?

Tap **Raise an issue**, pick **Late arrival**, **Left early**, **Did not show up** or **Wrong check-in time**, add a few words and tap **Submit Issue**. Your RM reviews every issue.

> **How "at home" works**
>
> Helpers check in on their phone when they arrive. While they are on duty, their phone shares its location about every 5 minutes. It stops when they check out.

4 Attendance history

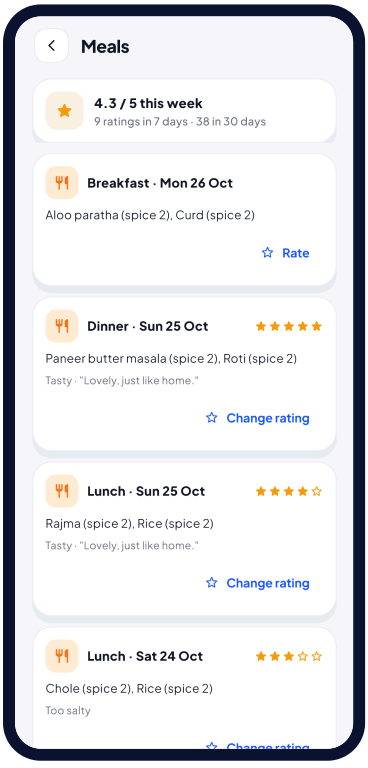

WHERE

Home → **Attendance** (quick action).

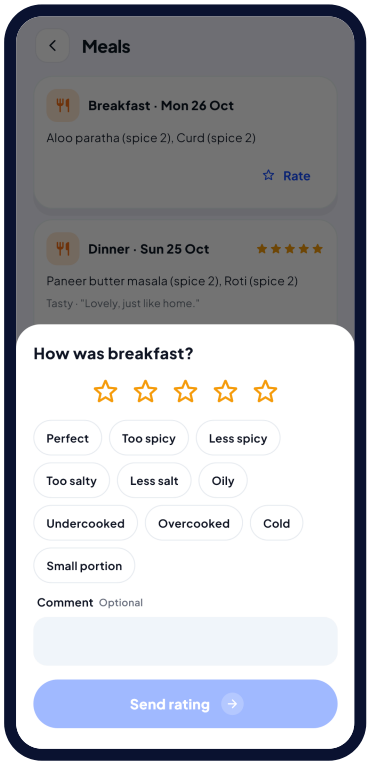

WHAT YOU SEE

The attendance rate for the last 30 days and every day's check-in and check-out. Use the buttons to see one helper only, or only late or absent days.

If you have a cook

Meals

Rate a meal

5 See and rate the meals

WHERE

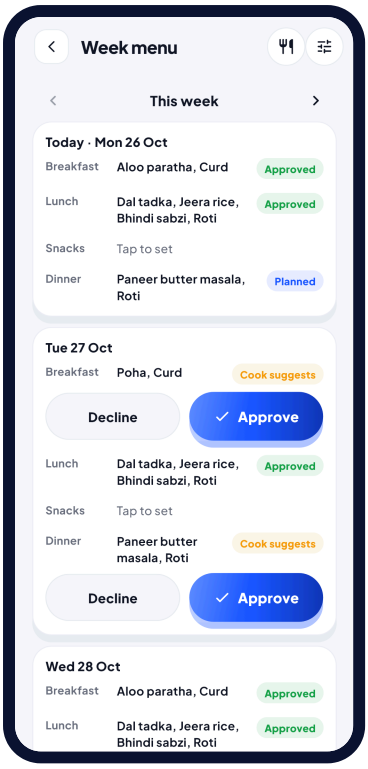

Tap the **meals** line on your cook's card on Home.

WHAT TO DO

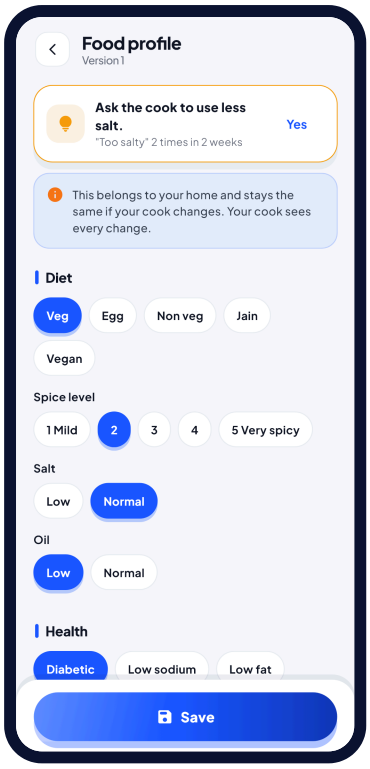

Tap **Rate** under a meal, choose 1 to 5 stars, tap any words that fit (for example **Too salty** or **Perfect**) and tap **Send rating**.

WHY IT HELPS

Your cook sees your ratings. If the same comment comes up again and again, the app suggests a change to your food profile.

Week menu

Food profile

6 Plan the week's menu and your food profile

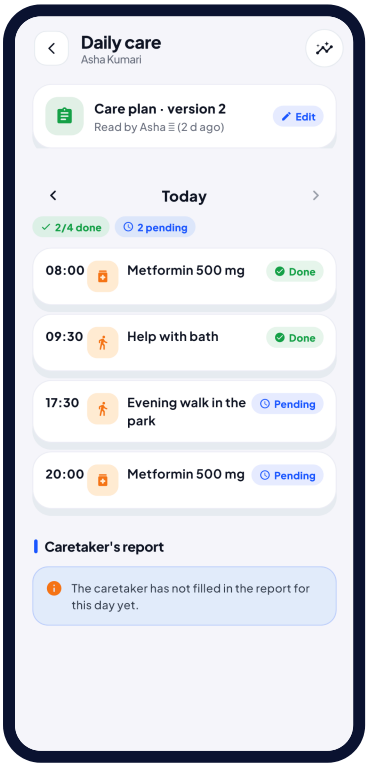

WEEK MENU

Shows each day's breakfast, lunch, snacks and dinner. When your cook suggests a dish it says **Cook suggests**: tap **Approve** or **Decline**. Tap **Tap to set** to choose a meal yourself.

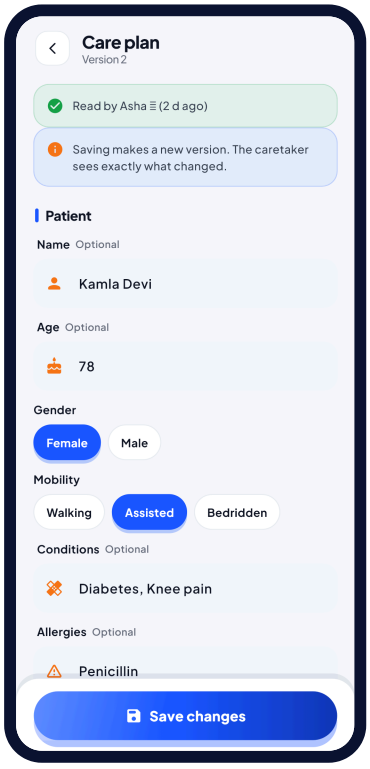

FOOD PROFILE

Your home's diet, spice level, salt and oil, health needs (for example **Diabetic**), cuisines and dislikes. Tap **Save**. It stays with your home even if your cook changes.

If you have a caretaker

Daily care

Care plan

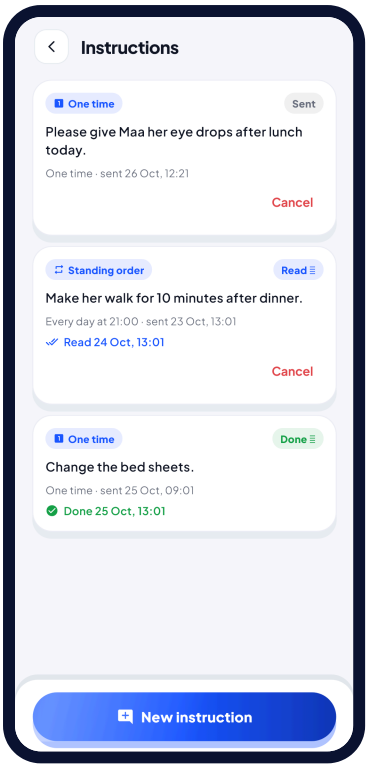

7 Daily care and the care plan

DAILY CARE

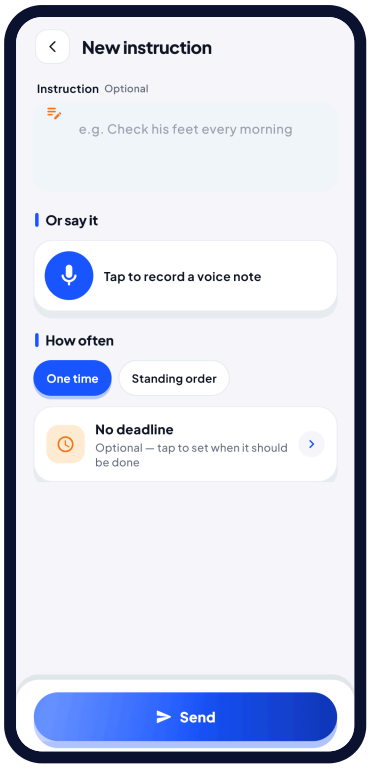

Tap the **tasks** line on your caretaker's card. You see today's list (medicines, bath, walk…) with **Done** or **Pending**, and the caretaker's daily report.

CARE PLAN

The patient's details, medicines, activities, and dos and don'ts. Tap **Edit**, make changes and tap **Save changes**. Each save makes a new version, and the caretaker sees exactly what changed. "Read by …" shows they have read it.

Instructions

New instruction

8 Give an instruction

WHAT TO DO

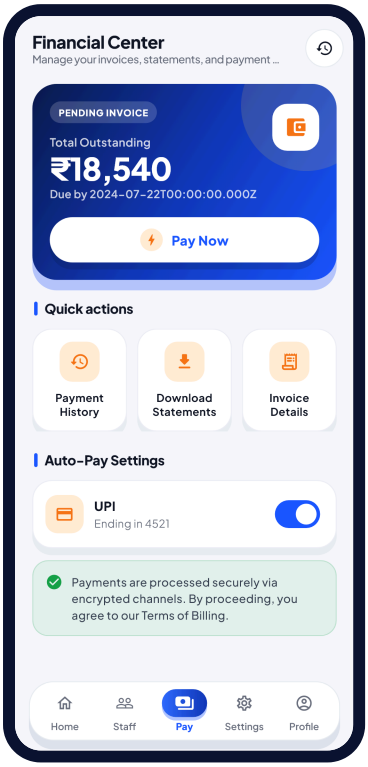

Open **Instructions** and tap **New instruction**. Type it, or tap **Tap to record a voice note** and speak. Choose **One time** or **Standing order** (every day), then tap **Send**.

WHAT HAPPENS NEXT

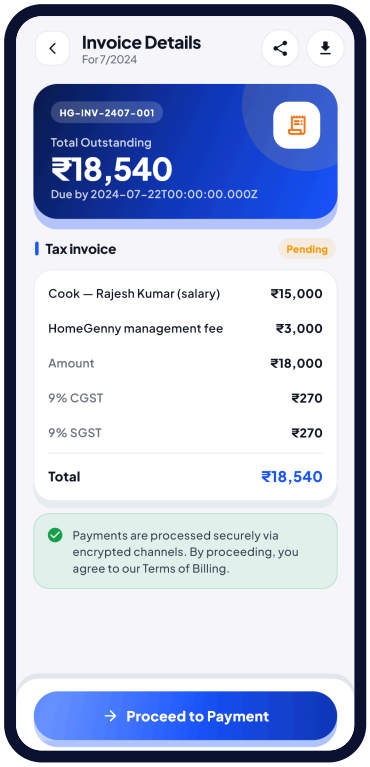

Your helper gets it right away. You see **Read** when they have seen it and **Done** when it's finished. You can **Cancel** an instruction that is no longer needed.

5 Your monthly bill

You get one bill a month. It covers your helper's salary, HomeGenny's management fee with GST, and the employer's share of ESIC/PF.

Pay tab

Invoice details

1 See what you owe

WHERE

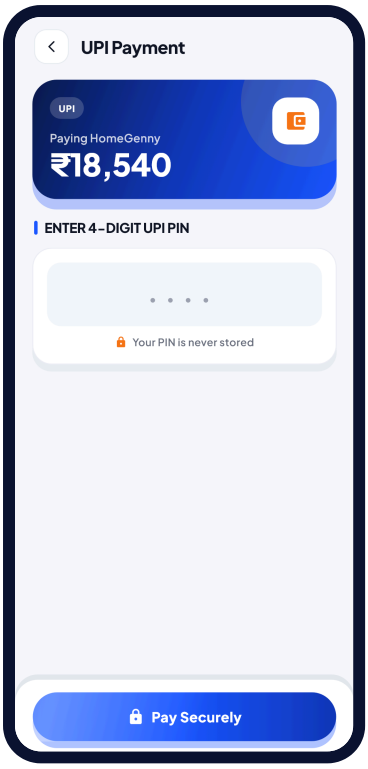

The **Pay** tab at the bottom.

WHAT YOU SEE

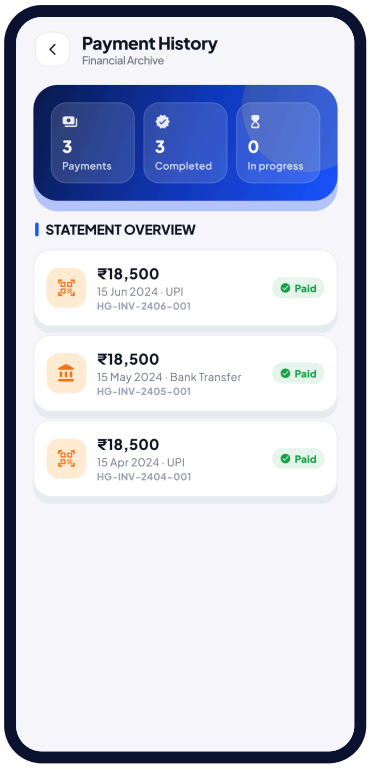

The amount outstanding and its due date. Tap **Pay Now** or **Invoice Details** to see each line: salary, management fee, GST and the total.

KEEP A COPY

On the invoice, tap the download or share buttons at the top right.

UPI payment

Payment history

2 Pay and see past payments

TO PAY

On the invoice, tap **Proceed to Payment**, enter your UPI PIN and tap **Pay Securely**.

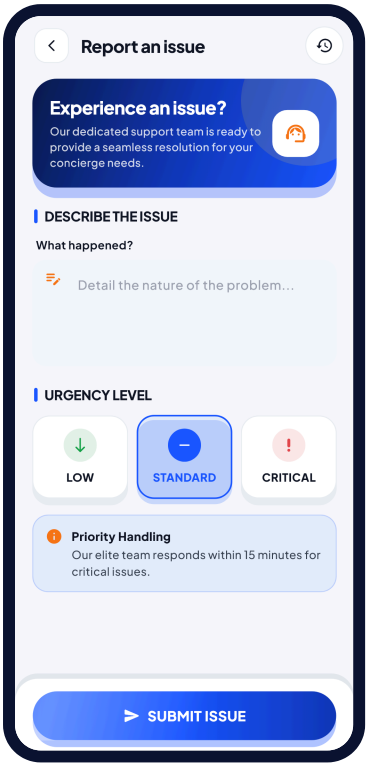

PAST PAYMENTS

Pay tab → **Payment History** lists every payment with its date, method and invoice number.

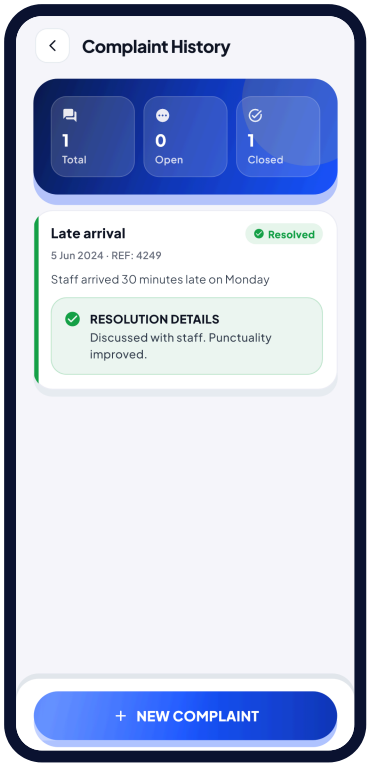

> **In-app payment is being set up**
>
> Paying by UPI inside the app is not switched on yet. Until it is, please pay the way your Relationship Manager tells you, and check with them that your payment was received.

6 If something is wrong

Every complaint and replacement request goes straight to your RM.

Report an issue

Complaint history

1 Make a complaint

WHERE

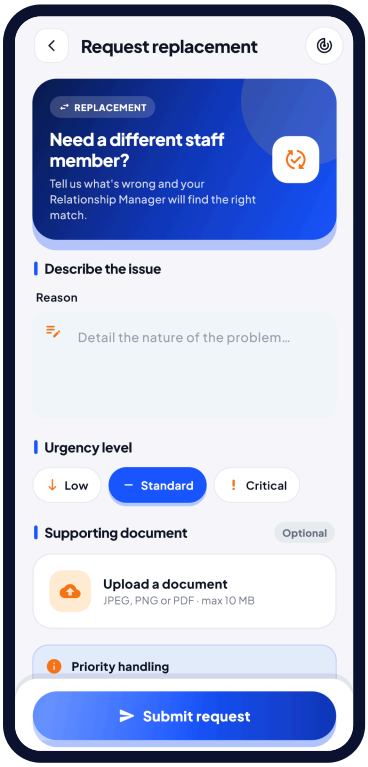

Home → **Complaint**.

WHAT TO DO

Write what happened, choose how urgent it is (**Low**, **Standard** or **Critical**) and tap **Submit issue**.

FOLLOW IT

Complaint History shows each complaint as **Open** or **Resolved**, with what your RM did about it.

2 Ask for a different helper

WHERE

Home → **Replace**, or **Replacement** on your helper's profile.

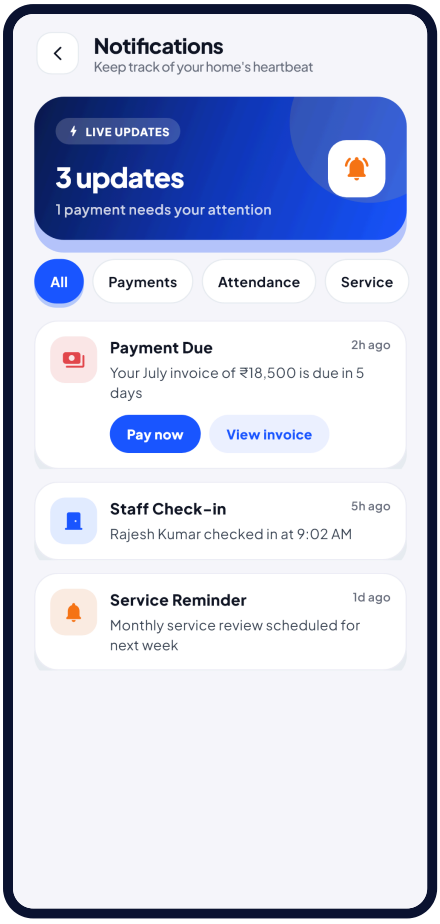

WHAT TO DO

Say what's wrong, choose the urgency, add a photo or document if you have one, and tap **Submit request**.

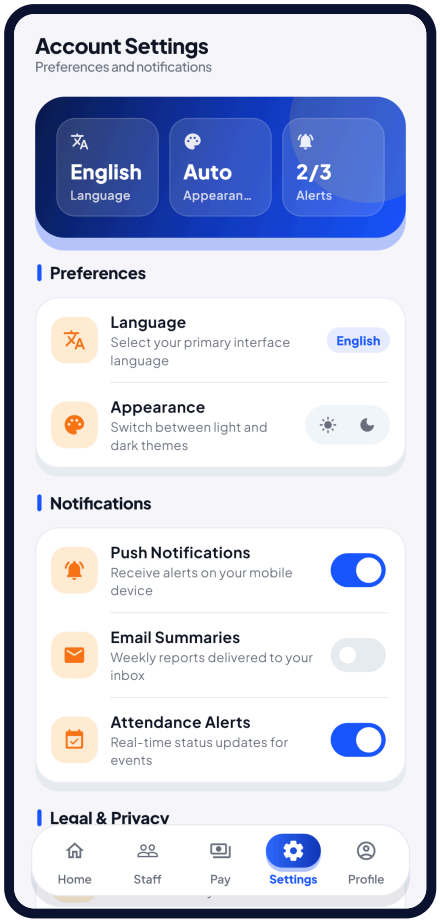

WHAT HAPPENS NEXT

Your RM finds the right match and suggests new helpers, just like in Part 3.

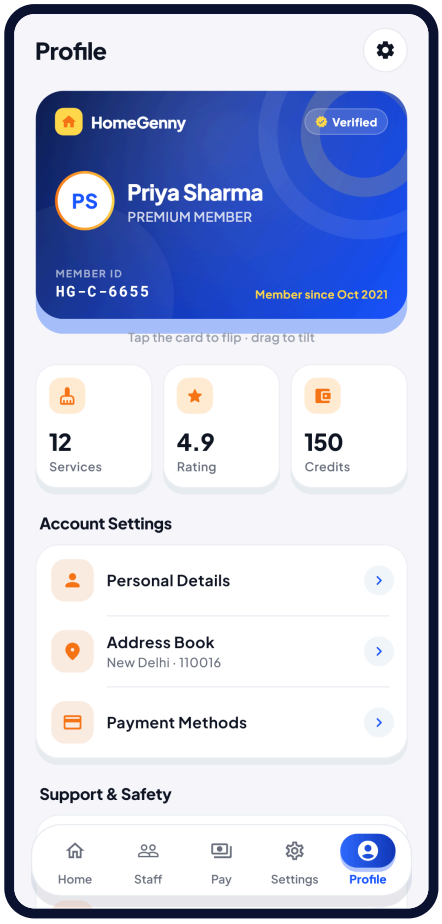

7 Alerts, language and your profile

Notifications
Tap the bell on Home. Filter by Payments, Attendance or Service.

Settings
Change the **Language** to Hindi (हिन्दी), switch light or dark look, and choose which alerts you get.

Profile
Your personal details, address and payment methods.

Common questions

Do I need a password?

No. You log in with your mobile number and a code sent by SMS. You can also turn on fingerprint or face unlock in Settings.

Can I talk to my helper's phone number directly?

Everything goes through your Relationship Manager, so there is always someone responsible. Use instructions in the app for daily tasks, and call your RM for anything else. Their number is on every request page.

How long is the trial?

Your RM tells you when they set it up. It is usually about a week. After the trial, your RM confirms the helper and their salary.

What is in my bill?

Your helper's salary, HomeGenny's management fee with GST, and the employer's share of ESIC/PF. Hourly helpers are billed by the hour.

The app says "Session expired" or "No internet".

"Session expired" means you need to log in again with your number and a new code. "No internet" means your phone is offline: check Wi-Fi or mobile data and try again.

The app asks me to update.

Tap the button to open the app store and install the new version. Older versions stop working when a required update is out.

Who do I call for help?

Your Relationship Manager. Their name and phone number are on your request pages.
